2. JOB OPENING AT THE UNIVERSITY OF AMSTERDAM

FACULTY OF ECONOMICS AND ECONOMETRICS

The Faculty of Economics and Econometrics (FEE) has over 3,000 students in Economics, Econometrics, Fiscal Economics, Operations Research and Management, Actuarial Sciences and in graduate and master's programmes. Research is conducted in a wide range of areas. A large part of the research takes place within the Tinbergen Institute-UvA. The Faculty employs approximately 350 people.

The Faculty has a vacancy for a
FULL PROFESSOR OF INDUSTRIAL ORGANIZATION

full-time

Industrial Organization is one of the areas that the faculty has identified as core to its mission to become one of the leading economics faculties in Europe. The faculty has recently received a governmental grant to set up an international Economics Network for Competition and Regulation.

Requirements for this full professorship are an international reputation as a specialist in the field of Industrial Organization, significant international publications in this field and the ability to direct and to expand the Industrial Organization research group. Furthermore, excellence in teaching, including curriculum development, is required.

The appointment provides for a competitive salary with secondary benefits that include participation in an attractive pension scheme and health plan. The appointee will start as soon as possible, at the latest on 1 September 2004.

Information

For further information, including a description of the chair, contact the secretary to the recruiting committee ms. B. Clemens, phone +31 20-525 4121, E-mail bclemens@uva.nl, or the Chair of the committee, prof. dr. J.J.M. Theeuwes, phone +31 20-525 7176, E-mail J.J.M.Theeuwes@uva.nl. Please check www.uva.nl/vacatures for the full description of this vacancy, including information on how to apply. For additional information on the faculty please check www.fee.uva.nl and for information on the Tinbergen Institute www.tinbergen.nl. Applications should be submitted before 1 September 2003. Interviews will be held no earlier than 15 September 2003. Acquisitie wordt niet op prijs gesteld.

3. TILEC CONFERENCE "Towards a Horizontal Approach to Economic Regulation"

Naar aanleiding van de Inauguratie van Prof. Pierre Larouche op vrijdag 14 november 2003, organiseert het Tilburg Law and Economics Center van de Universiteit van Tilburg hieraan voorafgaand een internationaal congres getiteld: Towards a Horizontal Approach to Economic Regulation

De Europese Gemeenschap heeft zich gedurende haar hele bestaan beziggehouden met economische regulering, hetgeen heeft geleid tot een goed-ontwikkeld corpus aan mededingingsrecht.

EG instellingen benadrukken de huidige noodzaak van algemene consistentie in EG optreden als het om de economie gaat.

Het doel van deze conferentie is een discussie op gang te brengen over een horizontale benadering van EU marktregulering. Na een themalezing die het onderwerp introduceert en in zijn context plaatst, zal de discussie zich richten op drie elementen die onlosmakelijk met zo'n benadering verbonden zijn, nl. de keuze van instrumenten, het oprichten van regulerende instanties en tenslotte het algemene onderwerp van de relatie tussen regulering en de markt.

De inaugurele rede van Prof. Pierre Larouche, getiteld: The Role of the Market in Economic Regulation, zal om 16.15 uur in de Aula van de Universiteit plaatsvinden.

Datum en tijd: Vrijdag 14 november 2003, 9.00 - 17.00 uur

Lokatie: Universiteit van Tilburg
